

IT Managed Services for Fiber Optics Installation Company

PROJECT DETAILS

 IT Managed Services

 Jul. 2024 - Sep. 2024

 \$10,000 to \$49,999

"The 24/7 protection and assistance were a big factor in switching to Corporate Technologies."

PROJECT SUMMARY

Corporate Technologies provides managed IT services for a fiber optics installation company. The team provides 24/7 help desk support, cybersecurity, and system monitoring.

PROJECT FEEDBACK

Corporate Technologies delivered a smooth transition. The team reduced the client's time dealing with computer issues and quickly responded to the client's needs. The team was very responsive to issues and delivered ready-to-go laptops within a week. Moreover, the team's support stood out.

The Client

Please describe your company and position.

I am the Corporate Finance Director of Western Tel-Com

Describe what your company does in a single sentence.

Fiber Optic Installation

The Challenge

What specific goals or objectives did you hire Corporate Technologies to accomplish?

Would Refer: 5.0

The Approach

How did you find Corporate Technologies?

Corporate Tech reached out with a phone call

Why did you select Corporate Technologies over others?

- High ratings
- Close to my geographic location
- Pricing fit our budget
- Good value for cost
- Company values aligned
- 24/7 Monitoring

How many teammates from Corporate Technologies were assigned to this project?

2-5 Employees

Describe the scope of work in detail. Please include a summary of key deliverables.

Switched to Corporate Tech to manage all of the company's IT Services.

24/7 Managed IT Help Desk support

Keep operations running

Stay protected with cybersecurity

Constantly monitors the system even during off-hours

The Outcome

What were the measurable outcomes from the project that demonstrate progress or success?

Corporate Technologies

Transferring to Corp Tech was smooth and seamless. They handled the switching everything over with minimal interference to employees. Having Corporate Tech handle our IT has cut down on the time I have to deal with computers issues. Employees call directly to Corp Tech to handle issues.

Describe their project management. Did they deliver items on time? How did they respond to your needs?

Corporate Tech is very quick to respond to any of our needs. When the company order laptops from Corporate Tech, these laptops are ordered and delivered (ready to go) within a week's time. Corporate Tech is very responsive to any issues that arise.

What was your primary form of communication with Corporate Technologies?

In-Person Meeting

What did you find most impressive or unique about this company?

The 24/7 protection and assistance were a big factor in switching to Corporate Technologies. Western Tel-Com has employees that work around the clock and need to make sure all their laptops are constantly working. Corp Tech was able to provide that support

Are there any areas for improvement or something Corporate Technologies could have done differently?

Not at this time.
