The Approach

How did you find Corporate Technologies?

I was not involved originally

Why did you select Corporate Technologies over others?

Close to my geographic location

Describe the scope of work in detail. Please include a summary of key deliverables.

Corp Tech helps with everything IT when we cannot, which is often.

The Outcome

What were the measurable outcomes from the project that demonstrate progress or success?

When we have an issue it is never long before Corp. Tech. has us back up.

Describe their project management. Did they deliver items on time? How did they respond to your needs?

They are very responsive to our needs or just getting me some answers.

What was your primary form of communication with Corporate Technologies?

- In-Person Meeting
- Email or Messaging App

What did you find most impressive or unique about this company?

They have people well-disciplined in all aspects of the IT world. I just tell them what I am looking for and they get me to that person, such as working on our MPLS which they do not provide.

Are there any areas for improvement or something Corporate Technologies could have done differently?

They already do what I require.
